

BOERS ESCAPE BRITISH SNARE

Attempt to Net the Burghers Under Delary Cleverly Foiled.

CAPTURED 135 MEN

Peace Envoys Now in Conference with President Steyn at Hopstadt.

NO ARMISTICE EXISTS

London, March 26.—In a later report Kitchener says that Delary escaped the net the British tried to snare him with. The total number captured is 135. The movement against Delary was undertaken by four columns of mounted troops, the start being made at dusk on the evening of the twenty-third of March.

London, March 26.—Lord Kitchener reports a combined movement against the Boers under Delary undertaken on Sunday last. About one hundred prisoners and five large guns were captured, but the exact result, according to the report, is unknown.

A General Surrender
Wolve Hook, Orange River Colony, March 26.—The train having on board acting President Schalkbarger and his party passed this place on the way to Kroonstad yesterday. The Transvaal government officials were accompanied by Captain Marlier. Lord Kitchener's aid-de-camp, and five other members of the staff of the British commander-in-chief in South Africa. The impression here is that Transvaal favors a general surrender of the Boer forces.

On Granting Amnesty
London, March 26.—Sir George Gollie advocates granting amnesty to the rebels, but he insists that every one must be disfranchised for life. This, he declares would go far toward allaying the bitterness of the loyalists. He estimated that 100,000 armed men will be needed in South Africa for some years after the conclusion of peace.

NINE MEN BURIED UNDER GROUND

Seven Bodies Recovered After Cleveland, O., Accident—Heavy Core Falls on Two Workers.

Cleveland, O., March 26.—Nine workmen were buried in an excavation for the foundation of a new tank at the plant of the Cleveland Gaslight company in Lighthouse street this afternoon, and seven of the men have been taken out dead. A gang was at work, twenty-five feet below the surface, when several tons of clay tumbled over.

While William Knottell and George Weber were working in the foundry department at the W. S. Tyler company's plant today a heavy metal core fell upon them. Knottell died soon after reaching the hospital. Weber still lives, although he is injured internally.

Man Is Blown to Atoms
Bowling Green, O., March 26.—The Welker Magazine of the Hercules Torpedo company exploded last night, killing shooter Robert Durand of Bradner, and scattering him his wagon and team to the winds. The magazine and wagon contained 1,815 quarts of explosive. Chimmies were tumbled over, windows fell to the sidewalks, doors flew open, and the people, frantic with terror, rushed out into the streets.

STATE JOURNAL BOLTS ITS TICKET

Editor Wilder Announces That He Will Support Democratic Candidate for Mayor.

Madison, Wis., March 26.—The State Journal surprised the people of Madison last night by bolting the Republican city ticket. Editor Wilder says at the top of his editorial page: "This paper is in favor of the reelection of Mayor Bull (Democratic nominee). If you see anything that squints the other direction you may know it's an article printed in the interest of fair play or in space that paid for an advertisement."

IOWA MINERS MAY GO ON A STRIKE

Des Moines, Ia., March 26.—Every union miner will go on a strike at mid night on Monday unless the operators recede from the radical stand they took at this morning's joint conference when they refused to agree to the union wage scale or to hire spot miners. They also declined to arbitrate. Another conference will be held this afternoon. It is not believed that a settlement can be arrived at.

GRACE IS CHARGED WITH PLAGIARISM

The Wisconsin Normal School Orator from Milwaukee Accused of Cribbing His Speech.

Milwaukee, Wis., March 26.—Ambrose C. Grace, of the Milwaukee Normal school, who represented the school at the oratorical contest last week at Superior and took second place, is charged with plagiarism. The charge has caused a sensation among the normal schools of the state. Grace's oration was on Alexander Hamilton, and it is charged that portions of it were taken bodily from a book of orations on Hamilton which were delivered at Hamilton college New York. Some of the passages in the book are said to be the same as those of Grace's oration. Others were slightly transposed. The statement is made that the charge was investigated by the authorities of the Milwaukee Normal who told Grace that he would have to change portions of his oration. He did so, but afterward, his accusers say, injected passages that were not his original oration. The charges are being carefully investigated by a committee. Mr. Grace could not be found last evening. Professor McKenney of the Milwaukee Normal said last night that as Grace had only taken second place that he did not believe the matter would be pushed by the committee.

CECIL RHODES HAS PASSED AWAY

Dispatch from Rhodesia Announces the Death of the Great African Capitalist.

Capetown, March 26.—A dispatch from Rhodesia states that Cecil Rhodes is dead.

Cecil Rhodes is weaker
Capetown, March 26.—Cecil Rhodes is much weaker today. It is believed that the end is not far distant.

Great Britain's war with the Boers is beyond doubt in no small measure instigated by Cecil Rhodes, the South African multimillionaire and politician, who considers the Transvaal a barrier in the way of his projected Cape to Cairo railroad.

CAPACITY OF KILN IS 750,000 BRICKS

Fifield Bros. Making Extensive Improvements in Their Yard on Pleasant Street.

The Fifield Bros. are making extensive improvements in their brick making plant at the western limits of the city at Pleasant street, L. B. Wilkie, recently of Southern Illinois, has been employed to erect a new kiln at the brick works 25x90 feet and the work of construction is now under way. Mr. Wilkie constructed a kiln for the Messrs. Fifield Bros. and they were so well pleased with his work that they have engaged him to oversee the construction of the new kiln. When this is finished the works will have a kiln capacity of about 750,000 bricks.

Notwithstanding the large capacity of the works last year every brick made was sold and they begin the season with empty hands.

All of the brick made finds a ready sale in Janesville so the firm does not have to look for outside patronage. About thirty men will be steadily engaged at the works this season making it one of the important and constantly growing industries of the city. The red brick made at these yards is superior to the cream brick and finds a ready sale at a remunerative price.

Mr. Wilkie is an expert at making cement sidewalks, gutters, sewers, etc., and has entered in partnership with the Fifield Brothers for the purpose of doing that work. Mr. Wilkie has moved his family to this city.

CIVIC FEDERATION AND COAL MINERS

New York, March 26.—The constitution committee of the National Civic Federation and the anthracite miners, called together for the purpose of discussing the advisability of the federation taking up the dispute between the miners and the operators, began its session this morning.

Want to See Miles' Plans
Washington, D. C., March 26.—The house this morning adopted a resolution calling upon President Roosevelt for all the correspondence bearing on the General Miles plan for the pacification of the Philippines.

Gus Rixon, Jr., agent for "The Climbers," was in town last evening arranging for the appearance of his company.

WILL KEEP OUT HEATHEN CHINEE

Favorable Report by the House Committee on Exclusion Bill.

MADE VERY STRICT

All Ports Under American Control Will Be Closed Against Them.

THEY CAN BE SAILORS

Washington, March 26.—The house committee on foreign affairs completed consideration of the Chinese exclusion bill, and by a practically unanimous vote ordered it favorably reported to the House. The measure has been most carefully considered for more than a month, and it comes from the committee with quite a number of changes. The exclusion of Chinese laborers is made complete, both as to the mainland territory of the United States and all insular possessions, including the Philippines and Hawaii. San Juan, Porto Rico, was struck out from the lists of ports where Chinese may enter.

Certificates of identification of Chinese must be accomplished by photographs, at the expense of the Chinese. In addition to San Francisco and other ports specifically mentioned for the examination and admission of certain Chinese, the commissioner general of immigration is authorized to designate such other ports as may be necessary. The committee considered that the original bill was too severe in making it a felony for any official to neglect to detain a Chinese person seeking admission, and the penalty was reduced to a misdemeanor. The original bill also subjected a vessel to forfeiture in case it brought over forbidden Chinese, but the committee changed this to a fine of \$2,000. The prohibition against Chinese sailors on American ships was struck out. The terms Chinese was made to include all those who are Chinese by birth or descent. In other respects the measure is practically the same as that agreed on by the Pacific coast interests. After reporting the bill on Thursday, Chairman Hitt is hopeful of bringing it to early consideration before the House.

TOBACCO BUYING IS MORE ACTIVE

In the Aggregate a Great Deal of the Leaf is Moving in All Wisconsin Sections.

More activity has developed in the buying of the tobacco crop of late than for some time past. While the bulk of the sales are for the medium quality crops, the growers are showing a disposition to accept even the small figures offered and in the aggregate a good deal of tobacco is moving in all sections. The current issue of the Edgerton Reporter gives the names of farmers disposing of more than a hundred acres at an average of 5 1/2 cents. The season is at hand when the farmer who has not cashed his tobacco must arrange to do so or accept the going figures. Many have not the time or convenience to do so and must sell for what they can get. The better class of goods will scarcely be sacrificed in this manner.

In cured leaf the market is rather quiet. The sale of two lots, one of 125 cases by L. B. Carle & Son, and one of 120 cases by George Rumlill are the only transactions that are reported for the week. The sales of tobacco seed is said to be unusually large this spring, indicating a full crop will be planted this season. The shipments out of storage from this market will reach fourteen car loads, 665 cases, to all points for the week.

GERMANS CARTOON ALICE ROOSEVELT

Represents the President's Daughter Holding a Pig in Arms and Urging Admission of Pork.

Berlin, March 26.—Simplicissimus, a journal noted for the brutality of its cartoons, appears today with a drawing representing Miss Alice Roosevelt at sea in an open boat, an immense fat hog in one end of the boat, and Miss Roosevelt standing in the other holding a pig wrapped in the Stars and Stripes. This drawing is inscribed: "We Received Your Prince, You Must Admit Our Hogs." The Department of Agriculture has gathered through the German Consuls and special agents, samples of a variety of European meat products. From analysis it has been learned that these meats show a general use of borax and that some sausages contain borax in large quantities.

Detective Sloyer of Chicago, a member of the Chicago & Northwestern Co's. force, has been in the city for the last few days looking up the boys that have been stealing the company's property.

MOB LYNCHES A NEGRO PORTER

Brute Who Attacked an Aged White Woman, Taken from Sheriff.

Residents of La Junta, Colo.,

Give Summary Punishment for a Brutality.

IDENTIFIED BY VICTIM

La Junta, Colo., March 26.—W. H. Wallace, a negro Pullman car porter, was lynched here last evening for a brutal attack upon Mrs. Henrietta H. Miller, a gray haired woman, aged 67, who was traveling from Los Angeles to Denver.

Mrs. Miller, on alighting from the Chicago limited had asked to be directed to the Denver Sleeper. The porter offered to show her the way to the car. After going with him a considerable distance Mrs. Miller became suspicious and started to return to the station. She was then knocked down with a blow on the head, and after a struggle with her assailant was choked into insensibility.

When she regained consciousness about an hour later she crawled back to the station and gave an account of the assault and a description of her assailant.

Bloodhounds trailed the man who accompanied Mrs. Miller through the yards to the car in which Wallace was found. He was arrested and was identified by Mrs. Miller.

Taken From Officers
A mob quickly gathered and the prisoner was taken from Sheriff Farr and a few deputies whom he had pressed into service. The leader of the crowd asked Wallace if he had anything to say, but could not elicit an answer, as the culprit shivered with fear to such an extent that he could not say a word. It was proposed to torture him with burning at the stake, but as no preparation to that end had been made, it was decided to finish the negro by hanging.

A rope had been provided, and no time was lost in fastening the noose around the prisoner's neck. No sooner had the rope been attached than it was seized by 500 men and boys, who started for the public square, dragging the negro at their heels. Wallace with piercing shrieks implored for mercy and implored his captors to end his life without delay.

Hanged and Shot
After a march of 300 yards the mob halted in front of the postoffice a boy seized a telegraph pole and the next instant the victim was dangling from a cross-beam. As the body swung clear from the ground the mob began dancing and yelling at the spectacle. Soon revolvers were drawn and volley after volley was fired at the corpse which was almost torn to pieces with bullets.

BREVET PROMOTION FOR CHYNOWETH

President Roosevelt Recommends the Rank of Lieutenant Colonel for the Wisconsin Man.

Madison, Wis., March 26.—The many Madison friends of Captain Edward Chynoweth are highly gratified at the action of the President in recommending him for promotion to lieutenant colonel by brevet for distinguished gallantry in action near Nacipit, Luzon, P. I., Nov. 11, 1899. Captain Chynoweth is connected with the Seventeenth Infantry and is now stationed with the Seventeenth Infantry and is now stationed at Columbus. He was recently assigned to inspect the Wisconsin National Guard during its annual encampment next August at Camp Douglas. Some years ago he was military instructor at the university. He has a brother, Attorney H. W. Chynoweth, residing here.

TIMBER STOLEN FROM THE RIVER

Marinette, Wis., Firms Find Heavy Losses of Cedar Lumber Due to Organized Thieves.

Marinette, Wis., March 26.—For the last two years the Menominee River boom company has been missing cedar timber which was put in the upper streams, but which never reached the mills here. It has been ascertained that a systematic method of stealing the lumber has been carried on. Trees, posts, and poles were pulled out of the river, hauled away and sold. Steps were taken today to apprehend the guilty parties. The losses are divided between the various Marinette and Menominee cedar companies and may amount to over \$10,000.

MORGAN ON THE WITNESS STAND

New York, March 26.—Pierpont Morgan testified today in the suit of Peter Powers against the Northern Pacific to restrain the road from converting its preferred stock to that of the Northern Securities company. An eager crowd of brokers, and lawyers filled the court room to hear the details of the Northern Pacific corner.

HOD TAYLOR WILL NOT LOSE HIS JOB

His Friends Say Democrats Started the Report of Removal to Make Political Capital.

Washington, D. C., March 26.—There never has been the least doubt in the minds of persons who have any inside knowledge of affairs at the Whitehouse as to the president's intentions toward H. A. Taylor, assistant secretary of the treasury. It can be said on the best authority that Mr. Taylor will not go out of his office and that the president's desire is to keep him in his position.

The reports as to Mr. Taylor's possible retirement are largely the outgrowth of hopes that such may be the case. It is declared by his friends. It is asserted that these stories are circulated by Democrats who would like to see Mr. Taylor become involved in the immigration difficulties that are likely to lead to the retirement of T. V. Powderly, Mr. Fritchele and Mr. Sweeney in New York. Insinuations are made among Mr. Taylor's friends that persons in Powderly's office are partly responsible for the attempt to involve him and have his scalp taken when the others are secured.

The influences behind Mr. Taylor are stronger than those behind Mr. Powderly and the others, and the president, it is said, is beginning to think that somebody is trying to make political capital out of the affair.

RATHBONE POINTS AT GENERAL WOOD

Convicted Postal Official Sends Word Home That He is the Victim of a Political Conspiracy.

Hamilton, O., March 26.—A local newspaper today printed a special cable from Estes C. Rathbone at Havana, reading as follows: "In my case the verdict is the result of General Wood's orders to those at the courts. It is a political conspiracy. I will appeal the case."

Washington, D. C., March 26.—Official advice received by the postoffice department this afternoon from the Director General of Posts at Havana indicate that Rathbone, Neely, and Reeves, who were sentenced yesterday will appeal from their sentences to the Supreme Court of Cuba, the highest tribunal in the island.

Denied by General Woods
Washington, D. C., March 26.—General Wood, military governor of Cuba this morning denounced the Rathbone statement that the latter's conviction in Cuba for complicity in the postal frauds was due to intimidation by the government officials, as a lie. He declared that Rathbone and associates had a fair trial.

AN ISLAND PARK FOR LA CROSSE

Ex-Mayor Pettibone Improving a Plot in the Mississippi, and Will Give It to the City.

La Crosse, Wis., March 26.—Ex-Mayor A. W. Pettibone, who last year purchased a large portion of Barron's Island, opposite this city, for park purposes, today acquired the remainder of the island, all of which will be made into a beautiful park, which Mr. Pettibone will donate to the city. Last year he expended \$100,000 in improving the park, and this, together with the improvements to be made this year, will amount to \$300,000.

KANSAS FUSION PLAN A FAILURE

Democrats and Populists Fall Out, and Will Nominate Separate State Tickets This Year.

Topeka, Kas., March 26.—The democratic and populist state committees, which met here today for a fusion ticket, failed to agree. The democrats called their state convention for May 22 at Wichita. The populists called for their convention for June 24 in Topeka. Unless there be further negotiations the fight this year will be three-cornered, enabling the republicans to retain control of the state.

ACCUSED OF HAVING THIRTEEN WIVES

Peculiar Predicament of Christian C. Nelson, a Railway Contractor.

St. Joseph, Mo., March 26.—Christian C. Nelson, railroad contractor and horseman, alleged to have thirteen wives, is in jail here on the charge of bigamy, having just been brought in from San Antonio, Texas, where he was arrested a few days ago.

Nelson will be tried in St. Joseph because the woman most active in his prosecution was married to him in this city last September. This bride was Mrs. Mary A. Parker, of Plattsburg, Mo. Nelson admits having three wives, but says the other ten are myths. He is said to be wanted for bigamy in Chicago, San Francisco, Des Moines, New York, St. Paul, Sumter, South Carolina and Conway, Ark. His preliminary trial will be held here before the same justice of the peace who solemnized his marriage with Mrs. Parker in September.

PLEDGE TO CUBA HAS BEEN KEPT

Official Order of Roosevelt Directing Evacuation of Cuba May 20.

FREEDOM FOR CUBA

Troops of the U. S. Will Be Withdrawn, and Independent Nation Set Up.

TARIFF CUT IS SURE

Washington, D. C., March 26.—An act which in years to come will be written down in history as the marking of an epoch was taken by the American government today. It was an official order for the evacuation of the Isle of Cuba.

The United States is going to get out of that island, bag and baggage on May 20. Not only does the American government thus keep inviolate its pledge to turn Cuba over to the people thereof, but it will accompany the closing of its trusteeship with an act of generosity towards its wards. When the Cubans come into full control of their country they will find that the entrance of their produce to the American market has been facilitated by a reduction of the tariff walls.

Reciprocity Bill Will Pass
Simultaneously with the issuance of the official order for the evacuation of Cuba today, it became more than ever certain that the 20 per cent reduction bill will pass both branches of congress by May 20, the date now set for the raising of the Cuban flag. Notwithstanding the great efforts made during the last few days by the beet sugar people to fan into life the dying embers of opposition in the house, and to start up rebellion in the senate, it is virtually conceded by the leaders of the movement that the reciprocity bill will pass.

When it does pass the chances are largely in favor of its carrying a reduction of 25 per cent instead of the 20 per cent now proposed. Senator Aldrich, the best judge there is of the course of legislation in the senate, said today that in his opinion the larger concession would be adopted. The people of the United States have insisted not only upon giving the Cubans control of their government, but a fair chance for commercial prosperity.

Surprises the World
No doubt there was much surprise throughout the world when this order of evacuation was published. In Europe it has never been doubted that the United States would hang on to Cuba until the crack of doom. Across the water they would never believe that the United States intended to keep its pledge. They judged the probable course of this country by their own standards. Such a thing as the voluntary surrender of a rich and desirable and strategically important territory, without adequate compensation, was undreamt of in their philosophy.

Details of Withdrawal
Details for the withdrawal of the American troops from Cuba and for turning over the government of that island were completed today. Secretary Root embodied the instructions for the evacuation in a letter addressed to General Wood, who, as military governor, will carry them into effect on his return to Havana. The 20th day of May has been selected as Cuban Independence day, and, according to official army orders issued by the Secretary of War, all American troops will be withdrawn from the island by that time, with the exception of three batteries of coast artillery.

W. C. BERGH FOR BANK EXAMINER

Assistant State Treasurer May Get the Place Vacated by the Death of E. I. Kidd.

Madison, Wis., March 26.—It is expected that State Treasurer J. O. Davidson will, by and with the approval of the governor appoint someone to the office of state bank examiner this week. The indications are that the appointee will be M. E. Bergh assistant state treasurer. It is reported in the capital that Phil Allen of Mineral Point was tendered the appointment, but declined it. The place pays \$3,000 a year and expenses. The appointment will be for the remainder of Mr. Kidd's term, which is about three years.

FIRST BOAT IN MACKINAW STRAITS

Steamer from Lake Michigan, Supposed to Be Louis Pahlow, Is Blocked by Heavy Ice.

Mackinaw, Mich., March 26.—The first steamer of the season to come into the Straits of Mackinaw from Lake Michigan can be seen about ten miles west of here. The boat is supposed to be the Louis Pahlow of the Edward Hines fleet, which left Chicago last Sunday for St. Ignace to load a cargo of lumber. There is a good deal of heavy ice between the steamer and the port that it is making for, and it probably will not be able to get through before tomorrow.

HEAR CUBAN COURT'S VERDICT

Neely, Rathbone and Reeves Are Told of Their Sentences.

Havana, Cuba, March 26.—The conviction of C. F. W. Neely, W. H. Reeves and Estes G. Rathbone and their sentence of ten years each in prison and to pay large fines for conspiracy in the postal frauds created almost as great a sensation as did the exposure of the frauds two years ago. The news of the verdict reached the defendants Tuesday. Neely, with the same nerve that has characterized him since the disclosure of the frauds, laughed and said: "Oh, that doesn't go. In fact, I believe that the Supreme court will grant a writ of error and order a new trial, at which I will be acquitted. I have business engagements in the States this spring which must be kept."

Reeves, who turned state's evidence and expected full pardon, appeared undisturbed when told of his sentence.

Rathbone was surprised and visibly distressed. It was some time before he could fully realize the truth of the situation. Then he asserted his innocence and expressed indignation at the court's finding.

Express Companies Dissolve Pact.

Detroit, March 26.—It is announced here that the traffic arrangement that has existed for twenty years between the Pacific Express company and the United States Express company has been discontinued and that each of these companies will hereafter be operated independently. The most important part of the matter is that the Pacific company, through the extensions of the Wabash system, will work for an outlet to the Atlantic seaboard in the United States and will figure to get a New York connection in opposition to the old established business of the American Express company and Adams combination.

Winona Trade School.

Warsaw, Ind., March 26.—A business meeting of directors of Winona Assembly association was held here and plans for the proposed agricultural and trade school were approved. These will be forwarded to Pittsburg to receive the final approval of the college board, which will meet there on April 14. It was decided to remove the general offices of the association from Indianapolis and occupy the administration building at Winona the year round. The annual meeting of the association will be held in Indianapolis on April 10.

Storm in English Channel.

London, March 26.—Very heavy seas are running in the English channel and Irish Sea. A number of vessels are in distress. Queen Alexandra's contemplated departure for Copenhagen was postponed in consequence of the gale. The torpedo boat destroyers Zephyr, Ferret and Zebra put into Portsmouth considerably damaged by the gale. The latter's steering gear was carried away. The seams on the other boats were torn open and they were leaking so badly that they had to be placed in dock for repairs.

Gas Explosion Injures Five.

Pittsburg, March 26.—Five men were seriously injured by an explosion of gas at the Carnegie blast furnace of the Carnegie Steel company at Rankin. The injured men are: P. H. Ely, foreman, condition critical; Michael Levarth, Michael Bido, Michael Dindist, Szel Hammer. The explosion was caused by the gas accumulating in the furnace while the men were discharging hardened metal at its base. When the metal was released the gas flowed in and ignited from the flames in the furnace.

Postal Telegraph Wins Suit.

Butte, Mont., March 26.—The Postal Telegraph and Cable company has won its suit against the Oregon Short Line railroad company to secure right of way for a pole and wire line from this city to various points in Montana and through to Ogden, Utah. The Postal company has already secured the right of way through Idaho and Utah.

Kaiser to Elevate a Jew.

Berlin, March 26.—Privy Councilor Leopold Max Goldberger, a German commercial expert, who is at present making a tour of the United States, was the real originator of Prince Henry's visit. It is rumored that the Kaiser will elevate him to the Prussian house of lords (herrenhaus) as a reward. He is a Jew.

Forest Fire Does Much Damage.

New York, March 26.—A forest fire, which started in the woods northwest of Eastport, L. I., has destroyed hundreds of acres of woodland. Thousands of quail, partridges and rabbits perished in the flames. A large force is at work to prevent further destruction of property.

Wife Murderer in Jail.

Portland, Ind., March 26.—Charles Shepherd of Red Key, who attempted the murder of his wife and suicide, was brought here and lodged in the county jail, this move being brought about by the strong feeling against him. His wife is sinking.

Troops for the Philippines.

San Francisco, March 26.—The transport Sheridan, which will leave this port for Manila April 1, will carry 250 cannons and sixty-five men of the hospital corps. In addition to the Ninth Infantry, already scheduled to take passage.

Calderhead Renominated.

Clay Center, Kas., March 26.—Congressman William A. Calderhead was renominated by acclamation by the Republican convention of the Fifth district. United States Senator J. P. Burton addressed the convention.

BACKACHE

Is only one of many distressing symptoms which point to the presence of womanly diseases. If women thoroughly understood the relation of the local womanly health to the general health, they would understand that backache, headache, nervousness, sideache, dizziness, faintness and similar feminine ailments, cannot be cured until the womanly health is established. Dr. Pierce's Favorite Prescription cures diseases peculiar to women. It establishes regularity, dries the drains which weaken women, heals inflammation and ulceration, and cures female weakness. In curing these local diseases, it cures the ailments which they cause; backache, headache, sideache, dizziness, faintness, nervousness, and other ill peculiarly feminine.

"I wrote you for advice February 4th, 1897," writes Mrs. Lena Hildrad, of Claremore, Cherokee Nat., Ind. Ter. "I was racking with pain from the back of my head down to my heels. Had hemorrhages for weeks at a time, and was unable to sit up for ten minutes at a time. You answered my letter, advised me to use your valuable medicine, viz., Dr. Pierce's Favorite Prescription. 'Golden Medical Discovery,' and 'Pleasant Pellets,' also gave advice about injections, baths and diet. To my surprise, in four months from the time I began your treatment I was a well woman and have not had the backache since, and now I put in sixteen hours a day at hard work."

Weak and sick women are invited to consult Dr. Pierce by letter free. Address Dr. R. V. Pierce, Buffalo, N. Y. The Commot. Sense Medical Adviser, 1008 pages, is given away. Send 21 one-cent stamps, the expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE NEW RAILROAD ETHICS.

Philadelphia (special).—An experienced broker says: "The public hardly appreciates how the theories of railroad management have changed during the past few years. It was not long ago that each road was run for all it could get and active competition prevailed in that business as nature has intended should be the case generally."

It is still the common theory that the more business an employee secures for his employer the more valuable he has proved himself. But the modern railroad perspective is so changed that the prevalent economic rules no longer apply there.

"The earning department, par excellence, as we know of every railroad is freight service. Let us imagine then an old style general agent, a hustler, assuming charge of the freight department of the Pennsylvania or Reading or New York Central railroad, determined to get in all the business he can and cares less who else loses business."

"How long would such a man hold his job; not a week. From an aggressive canvasser for business the general freight agent has become a bookkeeper, whose chief duty is to ascertain what part of any given freight traffic properly belongs to his own company and what part belongs to each of the other companies, which may be interested under a written or unwritten contract."

"The railroad business is conducted today under the grip of pure ethics which considers one's neighbor even as one's self." But the motive is not ethical at all and the explanation is, first, the presence on each railroad board of representatives from other companies which have claims on a share of the general freight; and second, the conviction, taught of experience, that a common understanding between freight carriers facilitates the holding up of prices."—Wall Street Journal.

The above statement concerning freight traffic, will be something of a revelation to the public generally, for the impression prevails generally that ethics in railroad business, is an unknown quantity. These great corporations have rights which are not only entitled to respect, but selfish interest demands recognition, and mutual concessions. They are wise from a business standpoint, and their example in this respect is worthy of attention, on the part of business men, who frequently act as though competitors had no right to exist.

These great transportation companies have entered the field of morals as well, and they are doing more for temperance, along practical lines, than all the prohibition parties in existence. Any young man who enters the employ of a railroad today, must be temperate in habits, and any old employee who holds his position, must be an abstainer. These companies go still farther, and demand of their men courtesy and gentlemanliness. They become schools for ethical and moral training, and are a force for good, not always appreciated. The railroad is not the worst enemy with which the people contend.

PECK ON AUTOMOBILES.

The Evening Wisconsin contains a letter from Ex-Governor Peck, to his friend W. H. Mylrea, former attorney general. Mylrea owns an automobile and Peck frequently rode with him. Upon several occasions it ran away, once when Gov. Peck was on board, with Mr. Mylrea. Upon another occasion the machine got into a head-on collision with an infuriated bull, and between them they tore up the highway a good deal. Then it was that the idea herein illustrated struck the former editor of Peck's Sun. He wrote a letter of advice to his friend, in which he said:

"I have read your experience with the bull, and in discussing the matter as to what I would have done in your place I am sure I have convinced my wife that I am a brave man. I have told her I would have changed ends with the vehicle, suddenly raised a

red flag and when the bull charged into the hind axle-tree I would have exploded the gasoline tank and had roast beef, rare done, with the hair on. If I were in your place, I would arrange a Gatling gun on the dashboard, loaded with rock salt, and the next bull would get killed and salted at one discharge and you would have corned beef in plenty. Then you might take along some empty cans and a soldering iron and can a lot of embalmed beef. I would put a set of steers horns on the bow of the vehicle and a couple of mule hind legs on astern, so it could hook or kick as the case might be."

ASK FOR PEACE.

The best news that has been flashed over the world for many a day, is the announcement that hostilities in South Africa are temporarily suspended, pending a treaty for peace. The war that seemed so insignificant at first, developed into one of the most disastrous and expensive wars of modern times. It has cost England 25,000 men and a round billion in money, and it has practically amounted to annihilation for the Boers.

War in its best estate and after every alternative fails, is deplorable in the extreme, and while it has always been recognized as the great and most effective civilizer, yet in this enlightened age, arbitration should be equal to almost any emergency. The Transvaal Country is rent with strife, and wide spread sympathy has been expressed, because the people went forth to battle with a bible in one hand and a gun in the other. Loyalty to religious convictions always commands attention, and people sometimes forget that religious bigotry and superstition, is extremely dense and unreasonable. The Boer nation was practically a semi-civilized tribe, they were religious zealots, but their influence so far as redeeming South Africa was concerned, was of the negative character. They were hard task masters, and the system of slavery prevalent among them, was the worst type of bondage. The civilization that came to South Africa was due to the influx of Christian nations, of which England was the largest representative. Under this influence the country developed, just as this land developed when redeemed from the Indians.

The Boer possessed more intelligence than the Indian, and he was more strongly entrenched, but he was a menace to civilization, and fought it at every encroachment. While England has been severely criticized, she could not do less than defend her interests and safeguard her people. When the smoke has cleared away, and history is recorded, it will be found that South Africa has taken a long stride forward, while human bondage has received a body blow. It is to be sincerely hoped that peace negotiations will be successful and that permanent peace will be established.

A WAIL FROM WATERSON.

Henry Waterson, of the Louisville Courier Journal, spoke at the Virginia Club banquet in Washington, the other night, and took occasion to score president Roosevelt unmercifully, for his attitude toward General Miles. He also went for the republican party, and urged democrats of whatever faith or lunacy, to get together and redeem the country from cowboy and rough rider rule.

Waterson has discovered a mares nest that is not visible to ordinary vision, and by it he hopes to rally the scattered forces of democracy. The red tape of the army and the navy, has become a good deal of a by-word. The people became wonderfully tired of Nelson A. Miles and his dictatorial leadership, during the war with Spain, and they have but little time for erratic vagaries now. Public sentiment is with the President and Waterson will find it difficult to create political capital by defending Miles, at the President's expense.

His attack on the republican party may be popular at a democratic banquet, but the party fortunately is being tried before a larger and less partisan tribunal. History for ten years under the rule of both parties has been recorded. It is modern history, and so familiar, that only the reference book of experience is necessary to recall it.

Democracy was tested and found wanting, the party was turned out for incompetency and if it has learned anything by experience since, it does not appear on the surface. It is very well to claim that it is not a party of trusts. Capital was so timed under its management, that it liberated, there wasn't enough of it in sight to form a partnership, to say nothing about trusts. Everybody lived on soup and borrowed money, the government not excepted. It was an era of trusts and hope deferred, but it won't be repeated, even with so able a champion as Waterson.

The republican party has no apologies to make for its president, its record, or the era of prosperity that the country enjoys. The people are too busy sawing wood, and keeping up with the procession. It will be time enough to cuss and discuss the trusts and combines, when the rush is over. Mr. Bryan has taken to the woods. Mr. Hill is not largely in evidence, and Mr. Waterson will soon discover that democratic statesmen are not in active demand as leaders. General Miles should be retired with the invalid corps, where he can discuss canned beef and army ethics, without annoying the general public.

The mantle of Carrie Nation has fallen upon the shoulders of Blanche

Boise, a nurse at Topeka, Kansas. Blanche has abandoned the hatchet, and adopted the whip, and she proposes to bring the officers to time.

The mayor of Topeka, was the first victim, and she is now out after the governor. Miss Boise is a spinster, so there will be no David to mourn.

POSSIBLE CANDIDATE.

Hoyt A. Winslow, of Fond du Lac, was in the city yesterday. Mr. Winslow has been prominent in Wisconsin politics for many years. He was a delegate to the last national convention and a candidate for railroad commissioner, when Gov. Scofield was renominated three years ago, but withdrew in the interests of harmony. He may decide to enter the race for the same office this year and if he should, he will make a strong candidate.

Fond du Lac is a stronghold of conservative republicanism, and Mr. Winslow is among the recognized leaders. The old city has taken on new life, and while it has frequently been overshadowed by Oshkosh, so far as political office is concerned, the republicans feel that they are able to stand alone this year. If Mr. Winslow decides to become a candidate his announcement will be made from Fond du Lac.

Arizona Copper mines promise to rival the famous Northern Michigan fields. The ore is rich, and near the surface. A new company with \$1,200,000 has just been organized, in which Duluth, Calumet and Pittsburg parties are interested. 650 acres of land is controlled, and the outlook is very promising. Arizona is a great undeveloped mining country.

Mayor Rose, of Milwaukee, started out to make a progressive campaign, but he was soon put on the defensive, and is kept busy explaining why he didn't do a better job, when he made Milwaukee. Major Anson is conducting a dignified and business like campaign, and his chances for success are flattering.

The conviction of Neely Reeves and Rathbone for fraud and embezzlement in connection with the Cuban postal service, indicates that official position is no safeguard for dishonesty.

There is no more reason why a republican should not vote for Stanley Tallman, than for any other name on the ticket. As a matter of economy in the office, a change is desirable.

INSURANCE RATES TAKE A BIG JUMP

AN ADVANCE OF 25 PER CENT
TAKING EFFECT TODAY.

On All Stocks in Buildings, on Frame Store Buildings, and All Manufacturing Risks and Special Hazards—A Meeting Was Held on Last Evening.

A meeting of the local board of insurance agents was held last evening at the Hotel Myers. After the usual banquet the question of the raise in the rate of insurance on local property by the companies was taken up and discussed.

As far as the local agents are concerned it is not understood that they are responsible for the advance in the rate. On the other hand the local agents have done everything in their power to keep the rate at the old figure. It has finally reached a point, where the companies have been turning down policies written under the old rating and have even threatened to take their companies away from the agents if they kept writing policies at the old rates. Under a condition of affairs of this kind there was nothing for the local agents to do but to take the risks under the new schedule.

Taking effect today there will be a twenty-five per cent. advance on stocks in buildings and on frame store buildings and on all manufacturing risks and special hazards, which have not been rated under schedule within a year. In ordering this advance the companies state that the extensive losses of the past few years and the disastrous fires during the early part of this year, have brought the business of fire insurance to such an unsatisfactory and unprofitable condition that they are compelled as a measure of relief to advance their rates on certain classes, which have contributed most largely to their result.

It is a fact, that during the last three years the insurance companies are about the only business that have not made money. During 1901, over thirty-six companies were forced out of business, and so far this year four companies have been forced to give up.

The new tobacco rating goes into effect on April first and the advance is all the way from 25 to 30 per cent above the present rate. The tobacco men feel that this is an unjust discrimination and claim that the amount paid for premiums in the last twenty years by the tobacco men is several hundred thousand dollars in excess of the losses.

A careful estimate of the premiums paid by the local packers in the last twenty years, as figured out by insurance agents is about \$150,000 with a \$25,000 loss.

In Edgerton for the last eight years the premiums paid amount to about \$125,000, with a \$10,000 loss. It can be readily seen that one or two big fire losses in the tobacco districts would wipe out this surplus.

In 1884 at Stoughton the fire loss on tobacco was \$170,000 with a loss on buildings of \$100,000. One fire like the one at Stoughton wipes out the profits of many years.

The local agents claim that this raise in the rate is only temporary, that during the coming summer all the risks in the city will be re-rated and in many cases a reduction in the rate made.

WM. J. SPARKHAM DEAD

Efforts to Locate a Son and Daughter of the Deceased Man

Newton, Ia., March 25.—Editor of Janesville Gazette. Sir:—Will you kindly insert the following obituary and oblige the sorrowing relatives of the deceased.

Died: At the county hospital after four years of intense suffering, William Sparkham, who formerly lived in Janesville, Wis. The remains were interred in the county cemetery until the son can be found. Any information leading to the discovery of his whereabouts will be gratefully received by Mrs. G. G. Gwin of Newton, Ia. Box 455. The son's name is Will J. Sparkham. He also had a daughter who resided in Janesville and perhaps is there now, but I think she is married. The last we heard from the son he was an engineer on the Great Western or Maple Leaf road in Iowa. Respectfully,

MRS. G. G. GWIN.

Verdict for the Defendant

Yesterday afternoon in Justice Earle's court the case of W. F. McCaughey, plaintiff, agent for the Northwestern Mutual Life Insurance Co., vs. John L. Fisher, came up before a jury. After the plaintiff had put in his evidence and rested, Judge Earle gave a verdict for the defendant on the grounds that the insurance policy issued was void, and the plaintiff not entitled to recovery. A. E. Matheson appeared for the plaintiff and Chas. E. Pierce and E. H. Ryan for the defendant.

Retail Grocers Meet

The retail grocers of the city held a meeting last evening and listened to a talk by "Sapolio" Stevens, of Chicago, national organizer for the United States, for the Retail Grocers' association of the United States, on the benefits of organization. After the talk the matter of sending delegates to the Retail Grocers' state convention at La Crosse, April 1, 2, and 3 was taken up. The delegates were H. Dedrick, Cove Vankirk, and F. L. Wilbur, the alternates were John Nolan, G. Richter and W. W. Nash. It was decided not to take any steps toward organization until the delegates returned from the convention and made their report.

Decorated Chamber sets, \$2.00.

Decorated Chamber sets, \$5.00.

Decorated Chamber sets, \$7.50.

A great variety of the latest patterns. Savings Store, 7 South Jackson street.

Economy in advertising means good advertising, and good advertising does not increase the expenses of a business, but will lower them. While good mediums, sufficient space, proper circularizing, etc., may make the advertising expenditure larger in the aggregate, yet it will be materially lower in percentage to sales. Advertising of the right character, properly put into effect, always means an increase in business.—Ad-Alt.

Mr. and Mrs. Phillip Rutter were pleasantly surprised at the East Side Odd Fellows hall last evening where the regular meeting of the K. of G. was to be held. It was their twenty-sixth anniversary and Mrs. Rutter's 50th birthday. She was presented a beautiful spoon by the C. B. Garrison. Light refreshments were served and a pleasant time enjoyed by all.

H. H. Jackson was in the city yesterday consulting with the Hayes Brothers about grading to be done between this city and Beloit on the Beloit, Delavan Lake & Janesville interurban road. Mr. Jackson stated that they were now hauling about 150 car loads of gravel a day to ballast up the line between Beloit and Rockford.

ELECTION DAY IS DRAWING NEAR

REPUBLICAN CANDIDATES THAT
SHOULD BE ELECTED.

Representative Men with Force, Character and Ability to Serve the People Well, on the Ticket—Something Personal About the Various Candidates Making the Run.

The city and ward tickets presented to the voters by the republican party is exceptionally strong and should command liberal support.

James A. Fathery

Who heads the ticket for the office of City treasurer, is so well and favorably known that his election is assured. The opposition recognizes his strength and worth and an effort was made to endorse him in the democratic convention, and this would have been done but for unexpected opposition to the plan. Mr. Fathery is an honest and capable official and gives universal satisfaction.

Stanley D. Tallman

For city attorney is also a good nomination. Mr. Tallman belongs to the class of young and enthusiastic republicans, that are entitled to recognition and encouragement. His rating as an attorney is as good as many men who have been in practice for a dozen years or more. And he is in position to render the city intelligent and economical service. He should be elected and will be if the party is loyal to him.

William S. Jeffris.

For School Commissioner-at-large, is as good a selection as could have been made. Mr. Jeffris has been tested, and not found wanting. He is in sympathy with child life, is mentally and morally well equipped, and is a most valuable member of the school board. The city will continue to enjoy his services.

Jesse Earle.

For Justice of the Peace, is also a tried official. His administration has been wholesome, and he should be retained in office. The office of Justice is important and the more familiar a man becomes with the work, the greater his efficiency. Mr. Earle has had experience, and is well equipped for his work.

The First Ward.

Presents the names of E. W. Lowell for alderman, C. E. Bowles for supervisor, and F. S. Fenton for constable.

Mr. Lowell has never had much time for politics, as he is one of the city's hustling business men. He will make an excellent alderman and the ward has made no mistake in placing him in nomination.

C. E. Bowles is familiar with the work of a supervisor, and is recognized as an intelligent and efficient member of the board. He is conservative, and well qualified to look after the mutual interests of the city and county.

F. S. Fenton is well known throughout the city, and has had experience as a constable. His election is not a matter of doubt.

The Second Ward.

Dr. James Mills heads the ticket for alderman, and the ward is fortunate in securing his services. Dr. Mills is an old resident of the city, is a property owner and liberal tax payer. He is conservative in judgment and universally represented. He will be a good man in the council, and there is no question about his election.

H. M. Paul, the candidate for Supervisor, is also a familiar name to Janesville people. Mr. Paul is well qualified for the office and the interests for the city will be conserved by his election.

E. B. Helmstreet is as good a man for School Commissioner as could have been selected. His influence on the board will be helpful and his interest in the schools will be genuine. He is an intelligent worker and will render faithful service.

A. K. Curtis the veteran constable will succeed himself without question. Mr. Curtis is a time tried official, and he has never been found wanting.

The Third Ward.

Dr. W. H. Judd will succeed himself as alderman in the third Ward. There was no opposition to his nomination, which is evidence that his constituency are well satisfied with his services. Dr. Judd is a representative property owner and an enterprising citizen.

J. L. Bear is a veteran Supervisor. He is regarded as one of the best members of the board, and the Ward is fortunate in being able to retain his services. He will be elected by an old time majority.

The Fourth Ward.

L. A. Hemmens has been selected to represent the Ward as alderman. The selection is a good one and he will be elected if the party gives him loyal support. Mr. Hemmens has always lived in Janesville and enjoys the confidence of the people. He will make a good councilman.

M. G. Curtis for Supervisor, and A. G. Anderson for School Commissioner, both decline to serve. The vacancies will be filled by the city committee, and the names of the appointees, duly announced.

M. A. Cox, the candidate for constable, is well and favorably known and there should be no question about his election.

The Fifth Ward

The Fifth ward is so hopelessly democratic, that it requires moral courage and party loyalty for a republican to show his head above the surface. The ward presents a good ticket this year and the voters will consult their own interests, by supporting it.

Carl Pabst heads the list for alderman. Mr. Pabst is a representative citizen, and would make a most excellent representative in the council. If he is elected the ward will have occasion to congratulate itself on having supported a good man.

Orville Morse for supervisor is also a good nomination. Mr. Morse is a tireless worker and his presence on the board would be recognized. He is a young man, possessing traits of

character that contribute to popularity, and his many friends should rally to his support.

John O'Donnell has spent his life in the ward and is familiar with its complex constituency. As constable he would make a good officer. He is popular and should be elected.

The Entire Ticket

The ticket from top to bottom is a good one. Every name on it is entitled to liberal support, and no member of the republican party can afford to do any scratching. Vote the ticket straight and good men will be elected.

NEWS OF A PERSONAL NATURE

Rev. Father Ward of Beloit visited in this city today.

K. N. Glunhard of Orfordville spent the day in Janesville.

Miss Sadie Skelly is visiting friends in Chicago for a few days.

Harvey Pease of Edgerton called on local leaf tobacco dealers today.

WORK ON ELECTRIC ROAD IN THIS CITY

Hayes Bros. Set a Number of Teams to Grading on Corner of Oak and South Franklin Streets.

The first work on the Janesville-Rockford interurban railway within the limits of this city, began this morning when the Hayes Bros. set a number of teams at work at grading on the corner of Oak and South Franklin streets.

Four teams are working today and others will be put to work just as soon as they can be secured. The amount of work to be done within the city limits is small compared with some other sections of the line and only about two weeks will be required to prepare the route for the ties and rails.

The work of construction is being pushed all along the line and it will not be long before the whistle of the construction train will be heard in Janesville and by Memorial day we can ride to Beloit.

Social at the Parsonage

The Court Street church people were pleasantly entertained at the parsonage last evening. The society was well represented, and the occasion was one of enjoyment. Supper was served by the ladies of the church. This is Mr. Thippett's first year in Janesville. He is gaining a hold upon the people, and is recognized as a vigorous thinker, and an able speaker. A glimpse of the home life, where the wife presides, and where four active boys contribute to every day happiness, disclosed the fact, that the home, as well as the Bible, was a source of inspiration.

Meeting of the Beavers

The regular bi-monthly meeting of the Beavers was held last night at their hall on South Main street. A large attendance was brought out and a lively interest was taken in the proceedings by those present. Supreme Vice Monitor J. M. Bailey of Stoughton addressed the meeting. The resignation of Worthy Commander J. H. Gillies was acted upon and H. A. Barber of this city was elected to fill the place. Mr. Gillies will remove to the northern part of the state where he has land interests.

THE WIDE AWAKE, JANESVILLE WISCONSIN.

T. P. BURNS'

Spring Offerings in--

Tailor-Made Suits, Separate Skirts & Jackets.

Every day for the past week has brought large invoices of these goods to our store and we can truly say that we never had a more complete line of ladies' ready to wear garments than this season. Our reputation for selling you the same goods as other people for so much less money has increased our trade in this department more than in any other department in the store, principally because the amounts invested are larger and the saving so much more noticeable.

When you see the values we are offering in--

Ladies' Tailor-Made Suits

—AT—

\$3.50, \$7.50

\$10, \$12.50, \$15, \$18, & \$20

The values in JACKETS at \$2.50, \$5

\$7.50 and \$10.00.

The values in SEPARATE SKIRTS at

\$1, \$2, \$3.50, \$5 and \$7.50, you will make up

your minds it pays to trade at a store that keeps

it's expenses down.

T. P. BURNS' DRY GOODS & CARPETS

Whitcomb Dental Parlors.

We candidly inform the public that we have been more than satisfied with our patronage during the past few weeks. Our patients tell us they are satisfied, and recommend their friends to us.
